

第一步：打开模版地址，登陆自己的 gitee 账号

第二步：点击 WebIDE

The screenshot shows the Gitee IDE interface. At the top, there's a navigation bar with links for 'Issues', 'Pull Requests', 'Wiki', '统计' (Statistics), 'DevOps', and '服务'. Below the navigation bar, the repository name '毫末Vue笔试' is displayed. A red box highlights the 'Web IDE' button in the top right corner of the header. The main area shows a list of files with their commit history. The files listed include .github, config, docs, public, src, tests/unit, .browserslistrc, .editorconfig, .env, .env.development, .env.preview, .eslintrc.js, .gitattributes, .gitignore, .prettierrc, .travis.yml, LICENSE, README.md, README.zh-CN.md, babel.config.js, and jest.config.js. Each file entry includes the commit message, author, and time.

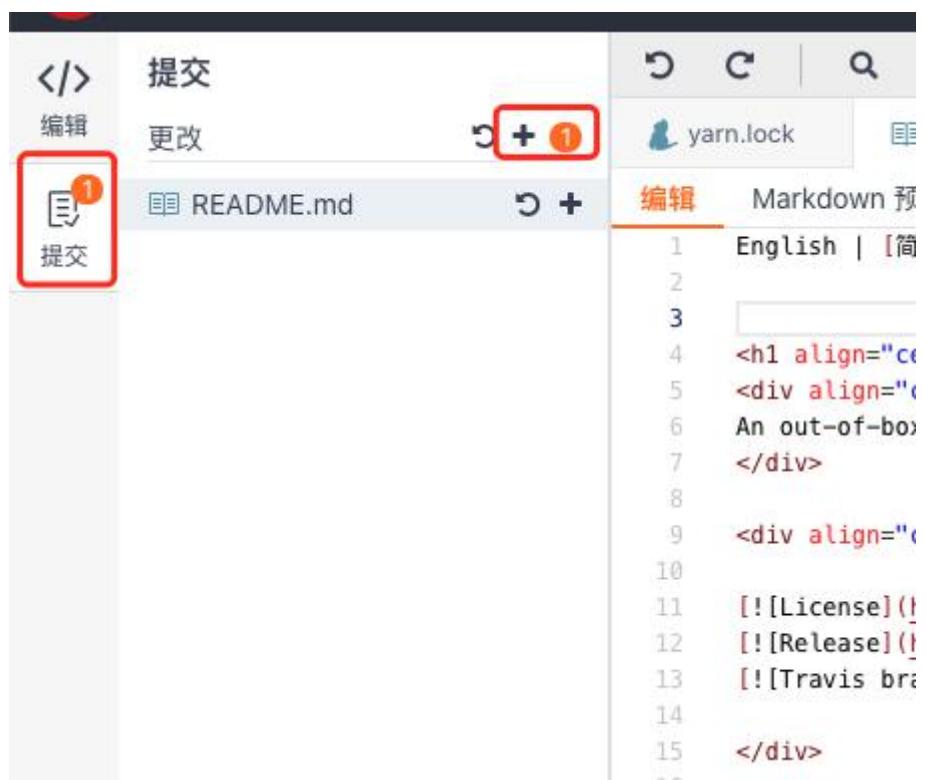

第三步：在 WebIDE 找到 src/views 在里面做代码开发

The screenshot shows the Gitee IDE file tree for the 'HmVueTest' repository. The tree structure is as follows:

- 编辑
- 提交
- 文件 (233)
- .github
- config
- docs
- public
- src** (highlighted with a red box)
 - api
 - assets
 - components
 - config
 - core
 - layouts
 - locales
 - mock
 - router
 - store
 - utils
 - views** (highlighted with a red box)
 - account
 - dashboard
 - exception
 - form
 - list
 - other
 - profile
 - result
 - role
 - user
- 404.vue
- App.vue
- global.less
- main.js
- permission.js
- tests
- webpack.mix.js

On the right side of the interface, there's a small illustration of three people working on a laptop, and below it, the text '欢迎使用 Gitee IDE' (Welcome to Gitee IDE) and the instruction '请在左侧文件树中选择一个文件，编辑后即可提交你的修改' (Please select a file from the left file tree, edit it, and then submit your changes).

第四步：当做完代码开发之后点击提交，点击+号暂存所有的修改，这样才可以进行提交

第五步：在输入框中输入提交信息，最后点击提交
